COMMUNITY FOUNDATION OF WESTERN NEVADA BRAND STANDARDS POLICY

I. Purpose

It is vitally important that, as the brand grows, the Community Foundation of Western Nevada is portrayed in a consistent manner. Many people are going to touch this brand and while you should use your creativity to bring the Community Foundation to life in the eyes of various audiences, it is important to do so within the policy.

By following these parameters, the brand can effectively communicate the personal and unique relationship we have with each connection while staying true to our character and mission.

II. Brand Elements

Our Mark. This logo stands for everything good we do in the community. It represents our organization, our ideals and the lasting change we are able to make in the region. The logo may be reversed white on light background.

Primary Logo

**COMMUNITY

Secondary Logo

III. Typography

The typography used for the Community Foundation brand are Ideal sans and Source Sans pro. Ideal Sans Medium is used for large titles and headlines. Ideal Sans Light is used for subheads. Source Sans pro is used as the body copy and is also used in the logo type. For office correspondence, Ariel may be used for consistency and convenience.

IV. Color Palette

The color palette combines modern inspiration, energy, and hues from Nevada nature. The color Pantone #s (paint), CMYK #s (professional printers) and RGB#s (web and in-house printing) are in the page from the brand book included in this document.

V.

The Spirals

Spirals are decorative elements that reflect the logo mark but are flexible in terms of color, size, and may be broken in pieces or partially shown (unlike the logo which always remains whole). Use the spirals as you would like in websites, documents, or on printed pieces such as invitations, posters, mugs, t-shirts, etc. Spirals are to be used as an enhancement, **NOT** as a substitute for the logo.

VI. Identifying Ourselves

When writing or presenting about the Community Foundation use the full name the first time referenced, "Community Foundation of Western Nevada." After that for ease and brevity, you may use "Community Foundation." Community Foundation is preferred over Foundation because that is how we are known among our Board and clients. There are many foundations but only one Community Foundation in our region.
