What is the Community Foundation of Douglas County Affiliate Fund?
Think of it as a charitable savings account for Douglas County; a growing financial resource to be used depending on the needs and desires of our own community. The annual grants will support community needs that benefit all residents, such as public safety, bike and hiking trails, school improvements, senior nutrition, activities and health services, child-care and job training. It can be used to support needs in ways we can only imagine today. Your investment will stay in your community. A Community Foundation Affiliate Fund’s purpose is to build a charitable endowment for the communities of rural Nevada. It will help keep Nevada life vibrant and attractive for people like you and your loved ones.

History of Generosity
Community Foundation of Western Nevada fundholders have made significant charitable investments in Douglas County communities. Millions of dollars were given to upgrade the technology in all of the public elementary schools, purchase conservation easements and build trails in the mountains. Fundholders have long supported the Douglas County Senior Center and funded scholarships for Douglas High School students. Nonprofit organizations large and small, working in arts, health and human services receive grants from the Community Foundation. Now you can support an endowment dedicated to Douglas County that will keep that support and more going for generations to come. Gifts of any size come together to build a strong, flowing income stream that in time, will be felt and appreciated by all community members.
