BACKGROUND:

The Community Foundation of Elko County (CFEC) was started in December 2015 by a group of dedicated Elko residents who recognized the need to create a sustainable funding stream to support Elko County—today and for years to come. CFEC is now in its third year of existence and is ready to give back by using available income from the endowment to make an impact in Elko County. This unrestricted endowment is a permanent source of funding to be used to address issues in Elko which may not yet be on anyone's radar. With local leadership addressing local issues, CFEC is poised to make an impact on Elko – today and for generations to come.
