Small Business Administration

The Small Business Administration is now offering low-interest disaster loans for working capital to those that are in need of a cash infusion in order to forestall layoffs or shut-downs. These loans are also available to non-profit organizations. The loans may be used to pay fixed debts, payroll, accounts payable and other bills that can't be paid due to the economic impact of this pandemic. The loans provide a maximum of 30 years for long-term repayment. Terms are determined on a case-by-case basis, based on each business owner's ability to repay. Small Business Administration: 1-800-659-2955 or e-mail: disastercustomerservice@sba.gov.

Coronavirus workplace guidance for small businesses: SBA.gov/coronavirus.

Center for Disaster Philanthropy

The CDP [COVID-19 Response Fund](#) will focus on supporting local nonprofit organizations working in areas identified as having high numbers of affected individuals and those who are working with the most vulnerable populations in these areas to help build their capacity for response. These will include social service organizations focused on supporting hourly wage earners, workers in the gig economy, immigrant/New American populations, older adults, people with disabilities and other communities vulnerable to the physical health, mental health and economic impacts of the pandemic.
