2020 Annual Awards for 100% Giving Board!

Did 100% of your board make a personal financial gift of any size to your organization in the last year? If so, your organization qualifies for **The 100 Percent Club!** This award recognizes boards that **support their agencies with 100% financial participation through personal giving.**

First presented in 2008 (when just 13 charities received the award), the number of organizations qualifying for this award has dramatically increased since its inception. Last year, 97 organizations led by 1,213 board members contributed nearly \$4.5 million to support their organizations. Does your organization qualify this year? You may apply for this award even if your board has received recognition in the past.

Please submit your nomination form by November 1, 2020. Charities with 100% board giving will be recognized in print, online, with a certificate, and at the 2020 Association of Fundraising Professionals' Cornerstone Luncheon, held in November (attendance is not mandatory to receive this award).

To nominate your board, complete the information below and sign your form. Please return to Lauren Renda via email at lrenda@nevadafund.org, or fax it to the Community Foundation of Western Nevada at (775)333-5487:

- Name of organization: _____
- Number of members on your board of directors: # _____
- Number of members on your board of directors that gave personal financial support to your organization in the last 12 months (ending November 1, 2020): # _____
- Total amount of financial support your board of directors gave to the organization in the last 12 months: \$ _____ (this number is not individually published- it's just for our total)
- Did the 100% Giving Board Award make it easier to receive board donations?
- Did board giving increase (number of board members who gave and/or total amount of giving) as a result of the 100% Giving Board Award?
- Would your organization ask board members for gifts before knowing about the 100% Giving Board Award?
